FAMOUS YACHTS SAID ABOUT US...

We have worked with TYTG for several years now during both summer and winter charter seasons. They have become our go to for sales and servicing of all our onboard toys. Having a single point of contact for all our needs allows us to simplify the purchase, service and repair process for all our kit. The team are knowledgeable, friendly and extremely accommodating.

Capt. James LoveJoy
M|Y OKTO

"After 30 years in the yachting industry, I have never worked with someone who has such a huge knowledge about yacht toys, maintenance and everything what stands behind it like I have experienced with TYTG. Beginning, middle or end of the season we can always count on them whenever we cruise in the Med.

Capt. Yasin Buweden
M|Y NOROADER

"We have been working with TYTG since the beginning, the team are enthusiastic, knowledgeable and efficient with their deliveries.

They always have the latest and coolest toys and it's always a pleasure to work with them."

Capt. Sebastien Pulido
M|Y SPICE OF LIFE

Gene Machine requested TYTG to supply the latest Jetsurf Electric on the market. The TYTG team were quick to arrange delivery and provided demo boards with full training for the guests onboard. Great day had by all and the after service is second to none. Highly recommend their services
